

# CRIC Funded Ancillary Studies

**Study Title**

**Principal Investigator**

**University Affiliation**

**Year funded**

**Keywords**

*Nutrition Assessment in Chronic Renal Insufficiency Cohort (CRIC) Study Population*

Cheryl Anderson, PhD, MPH

The Johns Hopkins University

2002

nutrition, cerebrovascular disease, protein-energy malnutrition, metabolism

*A Structural Approach to Renal Bone Disease in CRIC*

Mary Leonard, MD, MSCE

Children's Hospital of Philadelphia

2003

renal bone disease, renal osteodystrophy, bone mineral density

*Hypertension and Hypercholesterolemia Control in Patients with CKD*

Paul Muntner, PhD

University of Alabama at Birmingham

2003

hypertension, hypercholesterolemia, cardiovascular disease, hemodynamics, nutrition

*CRIC Heart Failure Detection Cohort and the CRIC Heart Failure Progression Cohort*

Michael Shlipak,

University of California, San Francisco

2003

*Development and Validation of GFR Estimating Equations*

Andrew Levey, MD

Tufts University

2004

estimated glomerular filtration rate, meta analysis, equation

*Carotid Intima-Media Thickness in Chronic Kidney Disease*

Sylvia Rosas, MD, MSCE

University of Pennsylvania

2004

carotid intima-media thickness, carotid plaque, progression, cardiac outcomes

*Hispanic Recruitment in CRIC*

Julio Vijil, Jr., MD

University of Illinois, Chicago

2004

recruitment, Hispanic

**\*Please note that this list is limited to approved CRIC ancillary studies that have received funding. The CRIC Steering Committee reviews and approves new proposals on a rolling basis and maintains a separate list of approved but not yet funded proposals which are also considered when vetting new submissions.**

# CRIC Funded Ancillary Studies

**Study Title****Principal Investigator****University Affiliation****Year funded****Keywords**

*Cognitive Function in Chronic Renal Insufficiency*

Kristine Yaffe, MD

University of California, San Francisco

2005

cognitive function, gfr, depression

*Pulse Wave Velocity and Chronic Kidney Disease*

Raymond Townsend, MD

University of Pennsylvania

2005

pulse wave velocity, hypertension, cardiovascular disease

*Sleep Disturbances as a Non-traditional Risk Factor in CKD*

Eve Van Cauter, PhD

University of Chicago

2005

sleep, risk factor, c-reactive protein

*Diabetic and Hypertensive Retinopathy and CRI*

Juan E. Grunwald, MD

University of Pennsylvania

2005

retinopathy, hypertension, diabetes, ophthalmology

*Hispanic Chronic Renal Insufficiency Cohort*

James Lash, MD

University of Illinois, Chicago

2005

hispanic, cardiovascular disease, progression

*Cytokine Gene Polymorphism in the CRIC Cohort*

Dominic Raj, MD

George Washington University

2006

cytokine, polymorphism, inflammation

*Genetics of Atherosclerosis in Renal Disease*

Muredach P. Reilly, MBBCH, MSCE

University of Pennsylvania

2006

genetics, atherosclerosis, metabolic syndrome, inflammation

# CRIC Funded Ancillary Studies

**Study Title****Principal Investigator****University Affiliation****Year funded****Keywords**

*Vitamin D Deficiency, Physical Performance and Cardiovascular Disease*

Mary Leonard, MD, MSCE

Children's Hospital of Philadelphia

2006

vitamin D, calcidiol, frailty, PTH

*Sodium and Cardiovascular Disease in Patients with CKD*

Jiang He, MD, PhD

Tulane University

2006

Sodium, electrolyte excretion, potassium, cardiovascular disease, cardiac outcomes

*Study of Advanced Chronic Renal Insufficiency*

Chi-yuan Hsu, MD, MSc

University of California, San Francisco

2006

progression, transition to ESRD, GFR

*KDQOL and the Spanish-Speaking CKD Population*

Julio Vijil, Jr., MD

University of Illinois, Chicago

2007

KDQOL, hispanic, HCRIC

*Health Literacy and Acculturation in Hispanic Patients with Chronic Kidney Disease*

Claudia Lora, MD

University of Illinois, Chicago

2007

HCRIC, health literacy, Hispanic, acculturation, risk factor, cardiovascular disease

*Genomics of myocardial transcription factors in cardiac remodeling*

Thomas P. Cappola, MD, ScM

University of Pennsylvania

2007

genetics, cardiac remodeling, transcription factors

*Pulse Wave Velocity and Chronic Kidney Disease*

Stephanie DeLoach, MD

Thomas Jefferson University

2007

pulse wave velocity, cardiovascular disease

# CRIC Funded Ancillary Studies

**Study Title****Principal Investigator****University Affiliation****Year funded****Keywords***Corin Allele and Heart Disease*

Daniel L. Dries, MD

Yale University

2007

genetics, cardiovascular disease, natriuretic peptide system, cardiac hypertrophy, corin

*CRIC Plus – Race Group Analysis*

Vanessa Grubbs, MD, MPH

University of California, San Francisco

2007

racial disparities, progression, CRIC-plus, ESRD

*Carotid Intima-Media Thickness in Chronic Kidney Disease (Renewal)*

Sylvia Rosas, MD, MSCE

University of Pennsylvania

2007

carotid intima-media thickness, carotid plaque, progression, cardiac outcomes

*Using 2-D Gel to Identify Patterns of Urine Protein Excretion that Predict Loss of GFR*

Chi-yuan Hsu, MD, MSc

University of California, San Francisco

2008

two-dimension differential gel electrophoresis, GFR, proteinuria

*Molecular Predictors of Progressive Renal Failure in the Chronic Renal Insufficiency Cohort*

Matthias Kretzler, MD

University of Michigan

2008

progression, molecular predictors, biomarkers

*Clinical Outcomes of Pre-ESRD CKD Patients with Hepatitis C Infection*

Akinlolu O. Ojo, MD, PhD, MPH

University of Michigan

2008

HCV, pre-ESRD

*Genetic of Lipoprotein Metabolism and CVD in CKD*

Daniel J. Rader, MD

University of Pennsylvania

2008

lipoproteins, metabolism, genetics

# CRIC Funded Ancillary Studies

**Study Title****Principal Investigator****University Affiliation****Year funded****Keywords**

*Role of FGF-23 in Mineral Metabolism and CVD in Pre-dialysis CKD*

Myles S. Wolf, MD, MMSc

University of Miami

2008

FGF-23, phosphate therapy, hyperphosphatemia, left ventricular mass

*The Renin-Angiotensin-Aldosterone System and Cardiac Arrhythmias*

Rajat Deo, MD

University of Pennsylvania

2009

atrial fibrillation, renin, aldosterone, angiotensin, cardiovascular disease

*CKD, Metabolic Syndrome and Cardiovascular Disease*

Harold I. Feldman, MD, MSCE

University of Pennsylvania

2009

metabolic syndrome, insulin resistance, cardiovascular disease, progression

*GWAS in CKD: The CRIC Study*

Harold I. Feldman, MD, MSCE

University of Pennsylvania

2009

GWAS, genetics, GFR, progression

*Chronic Kidney Disease Biomarker Validation*

Chi-yuan Hsu, MD, MSc and Kathleen D. Liu, MD, PhD, MAS

University of California, San Francisco

2009

biomarkers, kidney injury

*The Role of Neuregulin in Human Cardiac Remodeling and Heart Failure*

Bonnie Ky, MD, MSCE

University of Pennsylvania

2009

NRG-1, cardiac remodeling

*Hypertension in Advanced Chronic Kidney Disease*

Nisha Bansal, MD, MAS

University of California, San Francisco

2010

hypertension, progression, ESRD, blood pressure, cardiovascular disease

# CRIC Funded Ancillary Studies

**Study Title****Principal Investigator****University Affiliation****Year funded****Keywords**

*The Effect of Sickle Cell Trait upon Progression of Chronic Kidney Disease*

Vimal Derebail, MD, MPH

University of North Carolina

2010

risk factors, sickle cell trait, hemoglobinopathy

*Elevated Nighttime BP – Clinical and Demographic Features, Correlates, and Changes Over Time*

Paul E. Drawz, MD, MHS

Case Western Reserve University

2010

hypertension, blood pressure, nighttime ABP

*Joint Analysis of Longitudinal Outcomes and Clinical Events in Chronic Kidney Disease Cohorts*

Tom Greene, PhD

University of Utah

2010

longitudinal analysis, statistical methods, multi-state models, causal models

*Health Literacy, Acculturation and Social Support in Hispanics with Chronic Kidney Disease*

Claudia Lora, MD

University of Illinois, Chicago

2010

HCRIC, health literacy, Hispanic, acculturation, risk factors, cardiovascular disease

*Validation of the Beck Depression Inventory in Hispanics with Chronic Kidney Disease*

Ana C. Ricardo, MD, MPH, MS

University of Illinois, Chicago

2010

Beck depression inventory, Hispanic, depression,

*Carbamylated LDL and Cardiovascular Events*

Sudhir V. Shah, MD

University of Arkansas

2010

carbamylated LDL, cardiovascular disease, risk factors, atherosclerosis

*Pulse Wave Velocity (Renewal)*

Raymond Townsend, MD

University of Pennsylvania

2010

pulse wave velocity, hemodynamics, blood pressure

*Modifiable and Novel Risk Factors for and Consequences of Acute Kidney Injury in the Setting of Chronic Kidney Disease: a CRIC Ancillary Study*

Amanda Hyre Anderson, PhD, MPH

University of Pennsylvania

2011

acute kidney injury, progression, mortality

*Do patient safety events account for adverse outcomes in CKD?*

Jeffrey Fink, MD

University of Maryland

2011

safety incidents, outcomes, metabolic disturbance

*Abrupt Transition to ESRD from CKD*

Chi-yuan Hsu, MD, MSc

University of California, San Francisco

2011

ESRD, transition

*CKD Blood Biomarker Discovery (sub-protocol of the CKD Biomarkers Consortium)*

Lesley Inker, MD, MS

Tufts University

2011

biomarkers, progression, proteomics

*Hispanic Chronic Renal Insufficiency Cohort (Renewal)*

James Lash, MD

University of Illinois, Chicago

2011

Hispanic, cardiovascular disease, progression

*Novel Paradigm to Understand Diabetic Complications*

Kumar Sharma, MD

University of California, San Diego

2011

mitochondria, urine metabolomics, nephropathy, retinopathy

*Cognitive Decline in Chronic Renal Insufficiency (Renewal)*

Manjula Tamura, MD, MPH and Kristine Yaffe, MD

Stanford University

2011

cognitive function, gfr, decline, oxidative stress markers

20161013
